

AI Powered Grossing Workflow with the Sentinel

Sentinel Drives Quality and Tangible Results: Saving Time and Reducing Costs

Technicians:

- Accelerated workflows with reduced manual steps 
- Eliminates repetitive documentation tasks 
- Fewer documentation errors 
- Improved focus on specimen quality 

Pathologist Assistants:

- Reduced rework from documentation issues 
- More time for critical clinical assesment 
- Enhanced specimen data accuracy 

Lab Operations and Financial Leads:

- Measurable reduction in labor costs 
- Recognize where errors occur 
- Optimized TAT for all specimens 
- Improved resource allocation and planning 

Pathologists:

- Faster access to critical specimen information 
- Greater diagnostic confidence with complete data 
- Improved specimen traceability 
- Enhanced collaboration across lab team 

Voices from the lab:

“I have found everyone in the [Vistapath] team to be engaging, supportive and quick to respond. Common goals and actions have been set, and everyone has worked together to achieve the desired outcomes. Working with Vistapath has been like a breath of fresh air and I hope to continue the relationship well into the future.” - Steve Blunden, FIBMS DMS Digital Pathology Lead, Peninsula Pathology Histopathology Transformation Lead, University Hospitals Plymouth NHS Trust
